"Following the continued success of the Arts Festival and the vibrant atmosphere created in public spaces in the city centre, I propose that this Municipal District would investigate the possibility of providing access to the Mayors Walk and/or similar public spaces, for local artists to display and sell their art as they did during the Arts Festival, for agreed times of year such as a weekend each month of the summer period and also during the Christmas period. This will enhance that public space, be a positive addition to the city centre while also providing a valuable platform for local artists to display and sell their art."

**7. Fógra Foriarratais in ainm an Comh. Malcolm Noonan dar dáta 1<sup>st</sup> September 2019  
Notice of Motion in the name of Cllr Malcolm Noonan received 1<sup>st</sup> September 2019**

“ That Kilkenny Municipal District would within the existing parameters of the Casual Trading Bye Laws or if required by amendment of the bye laws, offer special event trading days to the Artists on the Parade.

This motion recognises the cultural and economic benefit to the town of the visual artists who exhibit on the Mayor’s (Gravel) walk during Kilkenny Arts Festival and the AKA Fringe Festival each year and to offer an opportunity to the artists to exhibit at other times of the year as prescribed by Kilkenny County Council.”.

A similar scheme exists for the ‘People’s Art’ on St Stephen’s Green and could provide a template from which this could be initiated in Kilkenny.

**8. Fógra Foriarratais in ainm an Comh. , 2019.  
Notice of Motion in the name of Cllr. , 2019**

“ That Kilkenny Municipal District Council request that the roads section of Kilkenny County Council would introduce 80kph speed limits on the entire network of the Kilkenny Ring Road with 60kph reduced speed limits on approaches to each roundabout.

This motion recognises that due to exponential traffic growth on the ring road and the dangers posed to Vulnerable Road Users (VRUs); pedestrians and cyclists in particular, that the ring road network has become increasingly dangerous and that speed limits of 100kph are in fact excessive and posing a risk to all users of the network.

Reducing speed limits can also contribute positively to addressing climate change at a local level by reducing vehicle emissions and particulate matter. This is a key responsibility of Kilkenny County Council having declared a climate and biodiversity emergency.”
