PARKS / SPECIAL PROJECTS

Parks & Playgrounds

Maintenance continues around the County in our playgrounds and parks to present them to a high standard. This month the focus was on the replacement of parts of old or worn play equipment.

Changes in our grass cutting regime, to help and encourage our pollinators was very evident over the past number of weeks with an abundance of dandelions and daisies on display, with locations such as the Kilkenny Ring Road and Graiguenamanagh Relief Road looking particularly good.

To support the Ukrainian Refugees currently accommodated in the St. John of God's Convent, Kilkenny, the Parks Department has developed a proposal to maximise the outdoor space within the grounds of the convent to afford the residents an opportunity to better interact with their outdoor surroundings in a safe and comfortable environment. With the support of the Sister's of St. John of God, works will be undertaken in the area on the southside of the convent and will include the installation of outdoor seating, play equipment and raised vegetable beds (*the residents having themselves expressed an interest in getting involved in the latter*). It is expected that works will be completed before the end of May.

Amenity Grants

The 2022 amenity grants scheme application closing date was the 25th of March. All applications are now being assessed and will be

brought before the May meeting of the County Council for approval by Elected Members. Final numbers are expected to be up on last year's applications as the fund grows in popularity and as more estates are taken in charge. The fund for 2022 is set at €140,000. This will be distributed to groups across the County to enable them to maintain their own outdoor recreational spaces. The range of works typically involve tree planting, grass cutting, planting flowers, erecting signage and many other amenity type projects.

Woodstock Gardens

Springtime in the gardens has been busy with an abundance of pruning and planting jobs to be completed before the summer season. The Winter Garden has been the focus of much of the attention with topiary planting needing pruning to maintain the formal shapes typical of the Winter Garden.

Trimming of the formal parterres in Woodstock . This time consuming job has provided more definition to the formal planting.

Work has also commenced on improving access to the gardens under the Outdoor Recreation Infrastructure Scheme (Phase Three) and the Disability Participation and Awareness Fund. These funds will assist in making Woodstock more accessible and inclusive for all with measures to include the construction of new and upgrade of existing pathways, the purchase of a mobility buggy, which will accommodate wheelchairs, along with improvements to the playground including introduction of new accessible play equipment.

Improvements will also be made in the car park with the provision of designated disabled car parking spaces and an improved access to the path network and formal gardens from there.

Improvements to footpaths underway in Woodstock

South East Greenway

The landscaping of sections of the South East Greenway over Lots 1 and 3 has been completed. This includes an area from Rosbercon to Ballyverneen, Glenmore. The emphasis has been on re-establishing native planting and where appropriate allowing natural recolonisation on embankments.

The Greenway is an important wildlife corridor in the countryside and will be managed sensitively to ensure this is prioritised. Landowner agreements on the accommodation works for Lots 4 - 7 continue to progress. Works continue on the preparation of the detailed design and tender documents for Lot 4 (New Ross to Mount Elliott) and Lot 5a (Ferrybank to Luffany) and Lot 5b (Luffany to Aylwardstown).

It is intended that Tender Documents for Lots 5a will be advertised later this Month.

The deep cut of the Greenway through Ferrybank. Lighting and final surfaces are now in place. Recolonisation of the steep banks by natural vegetation is already underway

De-Paul, HSE, Local Community Alert Groups, Local Text Alert Groups and Twilight is key to improving and continuing to deliver fire safety awareness in our communities.

Brigades carried out a number of fire safety presentations e.g. . Home Fire Safety Checks (HFSVs) are a significant element of our Community Fire Safety strategy. Fire service personnel call to houses by appointment and give fire safety advice to the occupants. A HFSV is usually carried out by two uniformed operational fire service personnel. The primary aim of these HFSVs is to reduce the numbers of fires, deaths and injuries in the home by firstly preventing fires occurring and to ensure that when fires do occur, the occupiers are given early warning, and they know how to react quickly and safely.

Resumption of the Primary Schools Fire safety programme is underway and a number of schools have been visited recently. Thomastown Fire Brigade held a road safety demonstration at Colaiste Cois Siuire, Mooncoin for their Transition Year students.

Poetry Phone

Kilkenny County Council Arts Office Poetry Phone has a new selection of poems selected by Kilkenny Paralympian Mary Fitzgerald and uploaded to the Poetry Phone. Anyone can listen to these beautiful poems by ringing Free Phone 1800 272 994 and select 0 to 9

Mary Fitzgerald is a 22-year old Paralympian. She competes in the F40 category alongside other women within a certain range of height and arm span. Her main event is shot put but she has also competed in both discus and javelin, holding the Irish record for her category in all three disciplines.

Mary choose 12 poems from our Poetry Broadsheet entries and these are just some of the reasons why she picked a particular poem.

Respondi by Breda Joyce

We learn of the great send of tragedy, sadness, bleakness, despair, and of unfathomable grief of a mother which I'm sure many can relate to.

Little letters spell hope by Darren Frances Caffrey
This poem is relatable to many of us as we bring ourselves back to where we were at the beginning of the pandemic. The pandemic was, and continues to be, a unique experience for everyone.

Visual Artists Mentoring Programme - Meet the Mentors

This programme is part of Kilkenny Arts Office's Artists Supports Programme 2022 and provides an opportunity for artists to meet face-to-face with a specialist mentor who has expertise in their artform to discuss and develop their artistic practice. The four mentors are Eamonn Maxwell, curator, Pauline O'Connell, visual artist, Ann Mulrooney, artist and curator and Aisling Prior, curator.

Successful artists will receive six mentoring sessions over the period of May to November 2022.

Knitted Together

Our 2022 Knitted Together project is up and running and once again our Kilkenny makers have come through for us with offers to knit and crochet either squares or blankets for the project. Knitted Together is focusing on in-person and intergenerational learning for 2022.

Meet up hubs are being rolled out across the City and County. This year's project also involves a number of the Kilkenny Men's Sheds and they will be making stools for which covers and cushions will be made by those knitting and crocheting.

The Irish Times had an article titled "What life skills are being lost to technology and time pressures" recently and they featured our Knitted project in the article. Local Live Performance Scheme

April Sounds saw us host a series of concerts in St Canice's Cathedral & the Medieval Mile Museum the weekend of 8th / 9th & 10th April/. The concerts were in aid of the Red Cross Ukraine and Unicef who are running emergency appeals. This beautiful & uplifting series combined local and national acts in two of our most wonderful Kilkenny venues. St Canices Cathedral hosted Lisa O' Neill, Rónán Ó Snodaigh and Myles O'Reilly, Arrivalists & Bríd Lyons.

The Medieval Mile Museum Series included Seamus & Caoimhe Uí Fhlatharta, Niamh Regan I Gary O' Neill, Ailbhe Reddy & Elise. A total of €5,682 was raised for UNICEF and the Irish Red Cross Ukraine appeals. A further €1,500 was generously donated by April Sounds artists and audiences over the weekend for Kilkenny Civil Defence Urgent Appeal for the Ukraine community in Kilkenny.

Platform31

The final selection has been made for the PLATFORM 31 national Professional Development programme. This year's successful applicant is a playwright. Platform 31 is a national professional development opportunity for artists across art forms to be supported to investigate how they might develop their practice or make work in a different way. It is designed to support and enable career development for 31 mid-career artists - one artist will be selected from each of the 31 local authorities around Ireland. The programme will provide coaching, advisory support and networking opportunities for participating artists, introducing them to a pool of critical thinkers to share their work and

encouraging a national conversation about creating work in local contexts.

Creation 21

This programme is focussed on performing artists at all stages of their careers and across a range of disciplines (dance, theatre, circus, spectacle, performance art, street arts), and aims to develop their practice, deepen their network, learn and showcase work. The project offers artistic development opportunities through national and International residencies, mentoring, coaching, residencies and 'in-progress' presentation opportunities.

There are 11 artists taking part in the residency programme with one artist from each participating County Arts Service: Wexford, Waterford, Kilkenny, Carlow, Wicklow, Kildare, South Dublin, two from Dublin City and one from Catalonia and another from the Balearics.

They encompass a broad scope of experience from senior to emerging artists to ensure a collaborative blend which will be to the benefit of all involved. To date the group have engaged in Professional development workshops and residencies working collaboratively to develop their practices. They are currently undertaking a residency in Catalonia.

Public Art Butler Gallery

Based on the construction cost of this project a budget of €50,000 was allocated for a Per Cent for Art piece. Three artists were invited to submit proposals and a selection committee was convened in March. Isabel Nolan was the successful artist and the project is progressing.

Mayfair Library

As part of the Mayfair Library Development and to preserve the social heritage of this former ballroom an exhibition space will be developed so that it appropriately reflects this unique and rich social history.

Visual Arts Ireland has agreed to project manage the Mayfair Library Per Cent for Art project and this is also progressing well.

Bookville Festival

The Bookville Festival is progressing well with all authors and artists selected to perform this year. The Bookville exhibition this year will take place

in the Watergate Theatre Gallery and a number of illustrators have been selected for the show.

Poetry Broadsheet Publication

The Kilkenny Poetry Broadsheet editor Elaine Feeney has made her selection of poems for this year's edition of the Broadsheet. She selected 14 poems from a total of 108 poems. Elaine Feeney lectures at The National University of Ireland, Galway, where she is also a founding member of the Tuam Oral History Project.

She has published three poetry collections including *The Radio was Gospel & Rise*. Feeney wrote the award-winning drama *WRoNGHEADED* commissioned by the Liz Roche Company.

Elaine said of her selection: *This selection of poems all moved me in some way, in a distinct aesthetic, a family moment, a snapshot of something frozen in time, family, relationships, love, loss, and all the in-between.*
